## EDITOR'S NOTES

We are pleased to announce that Miss Judy Alpha has agreed to serve as our Quarterlies Exchange Editor. She has already completed a list of quarterlies we are now exchanging with other Genealogical societies. Her address is 120 Mason St., Jackson, Tn. 38301.

Mrs. Guy McMaster, vice-president, and Mrs. Charles Bruer, editor of Family Findings, represented our Society at Alex Haley Day at Lane College, Jackson, on June 11. Mr. Haley, author of "Roots" was presented with a doctorate by Lane, alma mater of both his parents. He was presented with a copy of "Riverside Cemetery Inscriptions" which contains information pertaining the Lane family and Bishop Isaac Lane, founder of Lane College and copies of current Family Findings. Interest in genealogy has been significantly stimulated since the publication of "Roots" and the TV presentation. Mr. Haley said he plans to return to Tennessee to live when filming of "Roots II" is completed. This will deal with his family from the time they arrived in Lauderdale County, Tn. until his birth. He is also working on another book which is about his paternal ancestry. He has three children and two grand-children.

Mrs. C. C. James reports that a copy of the publication "Crockett County (Tn.) Marriages" has been given to the Jackson-Madison County Library for the Tennessee Room.

Errata: In our Index to Cemeteries on page 3, we state that in our January 1975 issue we printed a list of all cemeteries which had been included in Family Findings up until that time. It should have read "a list of all cemeteries in Madison County, Tn. up until that time."

Mrs. Guy McMaster, Vice-President and program chairman of our Society would appreciate suggestions for future Society programs. We meet at Jackson-Madison County Library, 433 E. Lafayette, Jackson on the 2nd Tuesday evening at 7 p.m.

CLARKSVILLE JEFFERSONIAN June 18, 1860  
Letter to General Gideon J. Pillow, Helena, Arkansas

Dear Sir:

The recession of a portion of the delegates from the Charleston Convention, and the subsequent adjournment of the Convention to Baltimore, has precipitated upon the party a state of circumstances unlocked for and alarming. In view of the early reassembling of the National Democratic party in Convention at Baltimore it becomes all those who have the welfare of the whole country and the success of Democratic principles at heart, to consult upon such measures as may be most likely to restore harmony and concert of action---it is through these we can route and overwhelm the enemies of the Union and the Constitution. Knowing you to be a zealous adherent of Democratic principles, and an ardent friend of the Constitutional Union of these States, whose honor you have upheld with signal renown upon the battlefields of your countries enemies, we would be pleased to have your views upon the present crisis of public affairs and as to the best policy to be pursued in the approaching Baltimore Convention. It was submitted by a g-granddaughter, Lena Mae Sykes Dees,

Dearest

I again have an opportunity of dropping you a few lines to inform you that I am well and enjoying good health, hoping at the same time that those few lines will find you and our dearest little one enjoying the best of health.

We moved from Florence Alabama to Columbia Tennessee and there we found some Yanks. We skirmished and cannonaded with them until we reached Franklin and there we had a very hard battle for the time we were engaged with them. I believe it was as hard a battle, if not harder, for the time we were engaged than I have ever experienced. We drove them from two of breastworks, but our loss was heavy. We killed and captured a great many Yanks, considering the advantage the Yanks had over us, and then they fell back to Nashville to their works.

The loss in our company was Captain January, John Taylor, Mark Abbot, Captured, Hue Thompson and Frank Everett were killed. Fate Dunlap was wounded.

Company I loss: Killed was Parson Dickey and Sam Pierce. Captain Binkley was wounded and Captain Jones was killed. Col. Wynon and Green Tinsley was captured, and General Gordan was captured also Col McGivny and Col. Rice was both wounded. Col Wadkins is in charge of the Brigade. General Brown wounded, General Clabern was Killed.

Cheatham's Division charged the breast works on the left of the pike and Clabern's Division charged them on the right and we suffered worse than any other part of the army, General Forrest holds Murfreesboro and the Yanks hold the fort on the north side, of us its thought they \_\_\_\_\_ them very soon, its reported here that Chattanooga has been evacuated by the Yanks. We have had some very bad weather on this trip, The ground has been covered with a big sleet for the last 2 or three days and its almost dangerous to walk about over the sleet, and us soldiers with one blanket apiece suffers some a laying out here on the cold ground.

I must bring my letter to a close for this is a verry cold day and we have orders to move,

Wright soon. Nothing much but remain your true Husband.

(signed) J. N. Mayfield

My health is good and the boys generally well and doing well as could be expected under the circumstances.

In the 12th and 47th Regiment was fifty killed and eight wounded and eight captured.

Miss Lula;

I cannot forget my most delightful visit to you short time ago. -- Just two weeks ago tonight - (Thursday night.) I was with you - at your home - sitting by your side -

"Would that I were with you now -"

The kind and friendly reception extended me, and the exceedingly pleasant hour spent with you, together with the very favorable impression made upon me, an all, often and often recalled - with sweetest thoughts of you -

As in the olden times in the days of chivalry and knight\_\_\_\_\_ when knights in far distant land, far from home and all they held dear - sent back to their lady loves - by swift winged courier whose white wings glittered like bright silvery starbeams as they swept joyously on through the vast fields of air on their mission of love; - sweet messages of joy, and love, and hope and fond recollection. So too do I speed to you every good wish and thought, of sweet remembrance and every hope for your happiness

And as some small token of this sweet remembrance in which I shall always hold you; and of the tender and respectful admiration with which I ever think of you - I beg that you will be pleased to accept from me the accompanying books with which I take the liberty to send you. I hope you will be pleased with them - and especially the little book - "Language and Poetry of Flowers" -

May the future for you be a realization of the sentiments expressed by the Volkamenia, and the Shamrock - the Celandine - and Bridal Rose. I offer you the Oak Leaved Geranium, the Rosemary and Sweet Basil. And I trust you will not be offended with me if I beg of you to accept for me the language of the Heliotrope and the Spindle tree. And last, as regards this little Book; let the Veronica Speciosa speak for me.

The "Nelly Kinnard's Kingdom" - Miss Mattie McKay - at my request, selected for me - assuring me that 'tis a delightful novel. I have not read it, but bought it at her suggestion.

I know of no "news" to write you, that would interest you as you know nothing in social world here - and no other person beside myself.

I was much amused when I got to Memphis at the hints and insinuation made at me in regard to my visit to you. It was already known to our friends in Memphis before I reached there. I have something very amusing to tell you when I see you, which I will not write.

I wish very much to see you again. - May I hope twill be agreeable to you for me to repeat my visit very soon. - If I may, I am sure I need not tell you the pleasure twill give me.

Have you forgotten, or as you still wish for me to remember and cherish, as I do those sweet little words spoken to me just before we parted? They are to me as green spots in memory's waste, as oases in the desert of my life. Please write me a nice, long, sweet letter, and tell me if you like for me to think of you as I do. Tell me all about yourself and your friends and associates - What you have been doing since I left and what you are going to do for the next two or three weeks - and when you propose to visit Memphis -

Do "they" tease you about my visiting you? And what of your widower, Dr. friend?

Thank your kind little brother for his goodness and politeness to me in taking me to the depot.

My kindest regards to your noble father and your quite good mother.

Believe me with every feeling of  
Respect:

Yours most truly,

Milton Roberts

Forest Grove, Miss.  
February 27th, 1'76

Dr. Roberts,

Your letter was recieved a few days ago and I will answer without delay. I had not expected an answer from you, so was surprised to hear from you.

You have expressed a desire to correspond with me, if you still desire it, I will comply with your request, probably correspondence will be pleasant.

Suppose you are on your way to Memphis today, as you expected to leave Today. Probably you think I am very pious writing on Sunday, but have been in the habit of it for so long, that it seems natural. Sunday evening use

to be my time for writing home and to friends at school when we would be confined to our room from dinner until four in the eve but still that doesn't make it right.

You say I have treated your remarks with indifference, I have done so, because I never felt that you meant what you(r) expressed, from a little circumstance that occurred between us at school.

You have certainly pictured some one else in your memory other than myself for your description is not at all applicable to me, my eyes are anything else but blue. They are grey, if you wish to know, but I ought to have let you remained under your false impression.

The blank note and flowers were none of my gifts, but I will relate the circumstances to you. I have a single brother, who is for ever after me about my letters. I am willing for him to see all of them but do it to excite his curiosity - so he sent you the flowers, as you were the only one that he knew I had gotten a letter from and he would not have known it, but the first letter I recieved from you, I was very sick at the time, too sick to read your letter so threw it over to some member of my family by my bed to read. I didn't know who was reading and who not. He dared me to write Feb. 14<sup>th</sup>, 1876 said he would be certain and send it. I had no idea that he would, so would not take his dare, so he searched my room trying to find an envelope that I had directed and he did find one that I had directed the last time I wrote to you and lost it before I finished your letter, the flowers were some that had been sent me and I had them in my writing desk, and after he had fixed it all up, he rode by the window where I was sitting and held it up for me to see, but I never did believe he mailed it, until I recieved your letter, so you thanked the wrong person. I recieved five letters last night and he has been squeezing my hands and pulling my ears nearly all day trying to make me shew them, he nearly kills me, but I never give up. Hope you will have a pleasant trip.

Your friend,

Katie G. Wynne

(postscript) I think I would have little to do to sit down and write you a "pack of nonsense" about beaux, and as for what I do could be more easily seen than told, for it is a little of everything. I am learning home lessons this year, suppose it will always be of use.

(The envelope to this letter was postmarked Coffeville, Miss., Mar 3., but no year given. It was addressed to Dr. Milton Roberts, Jackson, Tn. 3¢ stamp was used.)

Capt. E. S. Mallory  
Jno. Ingram Bivouac

Dear Sir and Comrade:

The time has arrived when we have got to have an appropriation from the State to maintain the Confederate Home for the ensuing two years, and also a sufficient sum to finish our buildings and build us a hospital, cow house, etc. We estimate that it will take \$16,000 to maintain the Home for the two years, and \$7,500 to pay off our indebtedness and finish up buildings and put up hospital, cow house, etc. We have now forty-four inmates, and expect to increase this number to 100 or 125 as soon as we get the above appropriation.

We write to you to ask you to have a committee appointed from your Bivouac to come and see our legislators in the interest of the Home and ask them to give us what we ask for. Please bring this matter before your Bivouac as soon as possible, and greatly oblige,

Yours truly,

WHAT IS A GRANDMOTHER?

(Written by a 3rd grader, age 8. Sent by Miss Amanda Palmer for publication in the "Clarion", Central Christian Church, Shreveport, La.)

A grandmother is a lady who has no children of her own, so she likes other peoples children. A grandfather is a man grandmother. He goes for walks with the boys and they talk fishing and things like that. Grandmothers don't have anything to do except be there. It is enough if they drive us to the supermarket where the pretend horse is and have lots of dimes ready. If they take us for walks they should slow down past pretty leaves and catapillars. They should never say "hurry up". Usually they are fat, but not too fat to tie kids shoes. They wear funny underwear and glasses. They can take their teeth and gums off. They don't have to be smart, only answer questions like why dogs hate cats and how come God isn't married. They don't talk "visitors talk" like visitors do, because it is hard to understand. When they read to us, they don't skip words or mind if it is the same story over again. Everybody should try to have a grandmother, especially if they don't have a television because grandmas are the only grownups who have got time.

## OBITUARY OF JOHN R. GRAVES

John R. Graves was born in Abbeville District, South Carolina September 3, 1791; died in Madison County, Tennessee, May 22, 1859. Brother Graves came with his parents to Middle Tennessee in 1804, where he, in September 1811, was united in marriage to Miss Agness Noe; moved to Madison County, Tennessee some twenty or thirty years since. Brother Graves was baptized by Rev. Learner Blackman, July 22, 1811, and joined the Church as a seeker, August 1st of the same year, and was converted to God at a prayer meeting on the same night. He was no meager, dwarfish Christian, but was a warm-hearted earnest Christian. He loved God and loved the Church. He had a noble soul and endeavored to promote the interest of the Church in every way possible. He had served the Church as exhorter, leader, and steward for a number of years with fidelity and usefulness. --

He was an ardent, earnest man: what he did, he did with all his might. It was my privilege to see him repeatedly during the last winter and spring. I always found him in a happy frame of mind. His disease was Dropsy. He had suffered much for the last eighteen months or two years, but was resigned and patiently bore his afflictions. He often spoke of his approaching dissolution, with that confidence in the truth and power of our holy religion, that only characterizes the true Christian. He was ready. He was a noble man, and the Church has lost a useful member. His family are bereaved indeed and the community has lost a valuable citizen. He leaves a wife, some eight children to mourn, and they mourn as those bereaved. May the blessings of the Most High rest upon them.

J. A. VINCENT

John R. Graves and his wife Agness Noe are buried in the old Cobb Cemetery near Medon, Tenn. below Jackson, Tenn. Their tombstones are standing to-day. He came as a young man of fourteen with an ox drawn wagon train from S. C. made up of pioneers from N. C. and S. C. The Noe's, Cobb's, Kelley's, Watson's, Harrison's and Freeman's were some of the families that traveled with the Graves. A living descendant of James Kelley married to Samantha Graves keeps the family graveyard. She and her husband aren't in the best of health and we wish others, who have loved ones buried there would endeavor to get in touch for the annual spring clean up.
